

# CRUX OVERWATCH

You can't control what you can't see. Crux Overwatch gives you the real-time data insights you need, with a trusted advisor by your side, at a price you determine. Because you can't afford surprises.

We Believe... Hope is not a strategy. >> Information is not knowledge. >> Strategy without data is just an opinion.

## Crux Revenue Overwatch

- Crux Revenue Overwatch delivers real time billing, collections, and costs data to CFOs, lenders, and private equity firms.
- Billing data and receipts are updated nightly on our intuitive, private dashboard—including projections for the close of the current month and comparisons to the prior 14 months.
- Costs information is uploaded to the dashboard weekly as AP and payrolls are processed.
- The Crux Revenue Overwatch dashboard allows up-to-date monitoring of key financial performance indicators.
- Crux Strategies experts work alongside you to analyze data and determine if corrective action is needed—preventing problems before they occur.

## Crux Contracts Overwatch

- Crux Contracts Overwatch starts with a comprehensive, detailed review of your organization's contracts, including payors, physicians, and vendors, along with compliance policies.
- All expired or superseded documents are removed.
- Current agreements and documents are placed into our secure, proprietary contracts management platform. Data is stored on IL4 AWS cloud servers, and are HIPAA and HITRUST compliant, through agreement with DocuSign.
- You get unlimited, 24-7 electronic access to your agreements.
- Crux Strategies experts are there over the long term—trusted advisors backed by decades of expertise, to ensure you remain in compliance as contracts change and regulations evolve.
