Improve Hiring Efficiency

- Eliminate unnecessary complications with standardized contract terms and protocol requirements.
- Make informed staffing decisions with consolidated reporting on spend, usage and overtime hours.
- Gain transparency from tailored reports that track the market with up-to-the-minute information, so you can make smart staffing decisions in real time.

Find Ideal Candidates and Enhance Continuity of Care

- Reduce your time-to-fill rates when you integrate with our Clinical Team into your hiring process.
- Increase your completion rates — our clinicians have a 96% completion rate.
- Extend your talent acquisition reach with our network of more than 250+ Joint Commission certified staffing agencies.

Simplify Contingent Workforce Process

- One contact to provide personalized customer support.
- One web-based technology system to track your entire contingent staff, including credential management.
- One streamlined process for all administrative tasks, including billing, timekeeping, reporting, and vendor communication.
